Ajay Mahajan

CARE Ratings Ltd

"CARE Group needed partners that could truly understand us and our needs and then help us with what we needed in our transformation journey. PeopleWiz were probably the best we could have chosen. Throughout our engagement, I found PeopleWiz consultants to be thorough in their approach, open to suggestions and conscious about quality of deliverables. They helped us take some deep transformational steps, which needed careful calibration to introduce in our setup. Highly recommended for business aligned and people focused consulting services" !

"We chose PeopleWiz when we were looking for niche expertise in the area of Organization Design. The team adopted a rigorous approach to building recommendations.
